

REMARKS

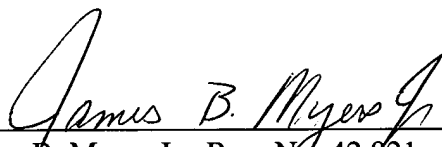

Entry of the above amendments prior to examination of this application is respectfully requested. This Preliminary Amendment is submitted in response to the Notice of Omitted Items in a Nonprovisional Application (see copy of formalities letter OC000000011313648 enclosed). This amendment merely corrects the BRIEF DESCRIPTION OF THE DRAWINGS section to conform to the numbered figures. The Notice indicated that FIG. 44c described in the specification was missing. The paragraph listing Fig. 44c has been cancelled. A new paragraph listing Fig. 46a has been added. Support for the added paragraph regarding Fig 46a can be found in the application as filed on page 32, lines 23 and 24. It is believed that this amendment does not add any new matter.

It is believed that the claimed invention is patentable and the Applicant request timely consideration leading to allowance of all claims.

The Examiner is invited to telephone the undersigned attorney if there are any questions about this submission or other matters which may be addressed in that fashion.

Respectfully submitted,

By: _____
